

PolicyWise SilverHealth Senior - Sample Health Policy

Document Code: PW-HS-2026-01

Synthetic-data notice: This fictional document is for RAG development, testing, demonstrations, and training only. It is not a real insurance contract.

1. Eligibility

SilverHealth Senior is designed for entry ages from 61 to 75 years. The sample sum insured is INR 7,50,000.

2. Co-payment

A mandatory co-payment of 20 percent applies to each admissible hospitalization claim. The insurer assesses the covered amount first and the insured bears the applicable co-payment.

3. Waiting Periods

The initial illness waiting period is 30 days. Pre-existing diseases are covered after 24 months of continuous coverage under this sample senior policy.

4. Room Rent

Room rent is covered up to INR 6,000 per day and ICU charges up to INR 12,000 per day.

5. Health Check-up

One preventive health check-up up to INR 3,000 is available after each claim-free policy year.

6. Domiciliary Treatment

Eligible domiciliary hospitalization is covered up to INR 50,000 when hospital treatment is medically necessary but cannot reasonably be provided in a hospital because of the patient's condition or lack of beds.

7. Exclusions

Routine spectacles, hearing aids, non-prescribed supplements, cosmetic procedures, and treatment not medically necessary are excluded.

8. Claims

Planned hospitalization pre-authorization should normally be requested 48 hours before admission. Emergency hospitalization should be notified within 24 hours where reasonably possible.

9. Testing Note

The 20 percent co-payment and 24-month pre-existing disease waiting period are distinctive facts for retrieval testing.
