

PolicyWise TripSecure International - Sample Travel Insurance Policy

Document Code: PW-TR-2026-01

Important: This is a fictional, synthetic document created only for software development, RAG testing, demonstrations, and training. It is not a real insurance contract.

1. Policy Overview

TripSecure International provides selected travel-related benefits during the insured international journey, subject to limits, exclusions, and the coverage period shown in the policy schedule.

The sample coverage begins when the insured journey starts and ends on return or expiry of the insured period, whichever occurs first.

2. Emergency Medical Expenses

Emergency medical treatment required because of a sudden illness or accidental injury during the covered trip is covered up to INR 10,00,000.

Where medically necessary, emergency medical evacuation is covered up to INR 5,00,000, subject to assistance-provider coordination when reasonably possible.

3. Trip Cancellation

Non-refundable prepaid travel expenses are covered up to INR 1,00,000 when the trip is cancelled before departure due to a covered reason such as serious accidental injury, serious illness requiring hospitalization, or death of the insured or an immediate family member.

Cancellation merely because the traveller changes their mind is not covered.

4. Baggage

Checked-in baggage permanently lost by a common carrier is covered up to INR 50,000 after applicable documentation and carrier confirmation.

Delay of checked-in baggage for more than 12 hours may qualify for reimbursement of essential purchases up to INR 7,500.

5. Passport Loss

Reasonable expenses for obtaining an emergency replacement passport following accidental loss or theft during the trip are covered up to INR 15,000.

The loss should be reported to the appropriate local authority and relevant documentation should be retained.

6. Exclusions

Known medical conditions that were not covered under the applicable policy terms, travel undertaken against medical advice, participation in professional sports, and losses arising from unlawful acts are excluded.

Unattended baggage and ordinary delay, wear, or deterioration are not treated as insured baggage loss.

7. Claim Notification

The insured should contact the assistance provider as soon as reasonably possible for medical emergencies. Other claims should generally be notified within 7 days of the insured event and supporting documents submitted promptly.
